READVILLE, MASS., September 22.-More than 3,000 followers of harness acing saw Audubon Boy pace one of the most wonderful miles ever made inder adverse conditions at the Readville track to-day. His time for the made by Star Pointer seven years ago. Audubon Boy started to beat 2:00 3-4.

Weather conditions favored record time, but the protracted rains earlier in the reck left the track heavy. The assist-nce of a pacemaker was useless, Au-ubon Boy having distanced his pace-taker before the half mile post was

maker before the half mile post was reached.

The first quarter was made in 29 seconds and the next in 281-2 seconds, making the time for the half mile 571-2 seconds. When the time was increased the crowd cheered. The third quarter was reached in 1:271-2, but before this it was seen that whatever the time, Audubon Boy would have to take it entirely unassisted, the pacemaker then being one hundred yards in the rear. Gatcomb did not make a stirring drive at the finish, and was 318-4 seconds coming to the wire, making the time for the mile 1:591-4, just equalling Star Pointer's time and giving Augubon Boy that mark, inasmuch as his attempt was for the purpose of beating 2:01-4.

As a result of Audubon Boy's performance to-day a match between the East and West is considered certain, Audubon Boy representing the East and Dan Patch the West. It is said that W. W. Savage, owner of Dan Patch, will agree to a match of speed at Memphis. Tenn., next month, as Gatcomb is anxious for a race.

NEW YORK, September 22.—R. G. Dun & Company's weekly review of trade tomorrow will say:

Current trade shows a distinct gain in comparison with the wanse time last year; crop reports are reassuring, and evidences of conduned activity, are noted in almost every department of industry. A. wholesome growth, without the threatening danger of reckless inflation of prices, is a commercial condition greatily to be desired, and these elements are recorded in the majority of dispatches. Fall trade is now well under way, and plenty encouraging results are being achieved in dry goods, millinery, footwar and all lines of wearing apparel, while moreantile payments are unusually prompt for the Beson. Manufeturing plants in the leading industries receive large orders, a heavy tonnage of iron and steel business being placed, and machinery houses making very cheerful reports, and textiles mills are busy, although new contracts, come forward more slowly. ## YOUNG WOOD IS

Two Felonics-Accused is Promptly Bailed.

Upon two felony warrants sworn out at the instigation of George E. Bunce, at whom he shot Thursday night, J. B. Wood, Jr., was again arrested last night. One warrant charges Wood with feloniously stabbling and cutting G. E. Bunce, and the other warrant is for feloniously shooting at the said G. E. Bunce, with intent to kill.

Wood was bailed upon each of the warrants in the sum of \$500, Mr. George C. Cornick becoming his surety. He will be given a hearing in the Police Court this morning upon these additional warrants, but it is probable that the hearing will go over until the 29th, the day set for the hearing of the case against Wood for shooting a pistol on the street.

Neighbors Protested. Neighbors Protested.

The warrants issued against Wood last night were no surprise to those on the inside of the case. From the first it was said that a felony and not a misdemeanor warrant should have been issued, and this was one reason the case was not heard by Justice Crutchfield yesterday morning. Citizens residing in the neighborhood of Fifth and Cary Streets protested, so it is said, against the misdemeanor charge, and it was this complaint that caused Mr. Bunce to issue the felony warrants last night. the felony warrants last night

Mr. Pollock making this statement and
being refused by the court.

George Bunce did not appear to prosecute the case. Domestic troubles and
jealousy are said to have led up to the
